### **Full Course Fees – Paid in Advance (not applicable for Short course (3 days or less or Individual Units))**

In the case where a student wishes to pay more than the application fee with their enrolment application for a full course (not short course or individual units), the amount will not exceed \$1,500.00 prior to the course commencement.

Should you withdraw from the Short Course or individual unit once commenced, you will forfeit all monies paid and be liable for the cost of the course. Australian Fire Protection Staff will endeavour to reschedule you into another training session.

### **Credit for Prior Studies**

As the RTO only has units of competency on scope, Credit Transfer will not be administered by this RTO.

Learners must not be required to repeat any unit or module in which they have already been assessed as competent, unless a regulatory requirement or license condition (including industry licensing schemes) requires this. Where a learner provides suitable evidence that they have successfully completed a unit or module at any RTO, the RTO must provide credit for that unit or module. **In some cases, licensing or regulatory requirements may prevent a unit or module being awarded through a credit process. e.g. CPR and First Aid.**

Further, the RTO is not obliged to issue a statement of attainment that is achieved wholly through recognition of units and/or modules completed at another RTO or RTOs.

*(Note that providing credit for previous studies is not a recognition of prior learning (RPL) process. RPL is a form of assessment of the competence of a person, while providing credit is recognising the equivalence of studies previously undertaken and completed successfully.)*

### **Recognition of Prior Learning**

Australian Fire Protection will only assess you with RPL in recognition of various types of prior competencies obtained by an individual through previous or current training, work experience and / or life experience for courses that are more than 3 days.

Australian Fire Protection will recognise previous Learning for the Fire Safety Advisor course, whereby the Fire Safety qualification has been issued within the last 3 years and this will then allow students to attend the Fire Safety Advisor Refresher course. Evidence will be required from students prior to attendance of the Refresher course. If the Fire Safety Advisor qualification has expired and within 30 days of expiry, approval to attend the Fire Safety Advisor Refresher course will be made by the RTO compliance Manager. If the expiry of the Fire Safety qualification has been greater than 30 days, then the student will be required to attend the Fire Safety Advisor course (3 days).

This is inline with the Queensland Building Fire Safety Regulations 2008 subdivision 2 Section 34 (6).

The underlying principle of Recognition of Prior Learning (RPL) is that no individual / participant should be required to undertake a unit of study in a training session for which they are able to demonstrate satisfactory achievement of the required competency standard or learning outcome for entry into, and/or partial or total completion of a qualification.

This policy therefore aims to maximise the recognition of an individual's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific course of study.

Assessment will take place by a qualified assessor and who has the vocational competencies in the unit they are assessing the participant's competency against. To view the current procedure on the recognition of prior learning, refer to the College policy. Assessment, including for RPL, will utilise the RTO's Assessment tools.

### **Administrative Contacts**

Occasionally Students may need to consult the Trainers and or the CEO with comments, questions, suggestions or other matters. In order that we may better assist our Students, we suggest, that the student speak with his/her trainer, or the CEO.

The trainer can often assist with any individual subject problems a student may encounter. **The trainer can only** comment on his/her subject not on other subjects. The following suggestions may also be of assistance. Read all the information contained in this book thoroughly. If the required information is not found in the "Policies and Procedures for Students" refer the question to the Trainer or CEO.

All medical certificates substantiating reasons for failure to sit an assessment must be presented to the CEO. Any other medical certificates must be handed to the individual trainer for the recording of attendance.

### **Assessment Results**

Students are notified of assessment results by their trainer at the end of each session. Assessment results will not be given to anybody other than, you, the trainer and or CEO with your prior permission. No assessment results are issued or discussed over the telephone.

### **Academic Misconduct and Plagiarism Policy**

Academic misconduct or plagiarism occurs when a student reproduces someone else's words, ideas, or findings and present them as their own without proper acknowledgment. It includes attempts by students to cheat or act dishonestly in an examination, test, assignment, essay, or any other assessment task.

There are many forms of academic misconduct or plagiarism, including the following:

- Paraphrasing someone else's words without acknowledging the source;
- Using facts and information derived from a source without acknowledging the source;
- Using ideas directly derived from an identifiable author without acknowledging the source;
- Producing assignments that should be their own independent work in collaboration with and/or using the work of other people (e.g. a student or tutor);
- Using the work of other members of a group project without acknowledging who contributed the work;
- Copying from another student's and / or their work;

Students who are found cheating or guilty of plagiarism in any form of assessment will be deemed **Not Yet Competent** for the relevant Unit of Competency on confirmation of the breach. All confirmed cases of cheating or plagiarism these are recorded on the student's file. Students will be disciplined as per the Students Disciplinary Policy.

Students found cheating will receive a formal written warning from the CEO advising that a second breach will result in the student being asked to leave to course with no refund.

## Student Disciplinary Policy

The student disciplinary policy exists for the proper management of disciplinary issues.

The policy is designed to ensure fairness and objectivity and its primary function is not intended as a form of punishment but as a means of providing students with the opportunity to correct or modify their behaviour.

### Procedure

The RTO seeks to promote an environment in which students develop a positive and responsible attitude towards fellow students, staff and the general work / learning environment.

When a student's behaviour conflicts with the Student Code of Conduct, disciplinary action will be taken according to the following process:

1. Initially, the trainer will discuss the behaviour in question with the student and add a note to the students file.
2. If the behaviour continues to be unacceptable the trainer arranges a meeting with the CEO, or their delegate to discuss the issue.
  - a. Details of all disciplinary warnings and/or interviews will be recorded using the communication log of the Student Database System.
  - b. The CEO, or their delegate, counsels the student on possible consequences of breaching the Student Code of Conduct.
3. If necessary, an action plan may be implemented for the student to abide by in cases deemed necessary by the CEO, or their delegate.
4. Further disciplinary problems will be addressed by the CEO, or their delegate, in consultation with the trainer.
5. An official warning letter will be issued by the CEO, or their delegate.

**NOTE:** The RTO reserves the right to expel students immediately depending upon the seriousness of the misconduct.

### Work Health and Safety Procedures

The Organisation realises its responsibilities to Students to ensure a safe and healthy academic and working environment. The Organisation operates according to appropriate Work Health and Safety standards and procedures. First aid kits are located in the offices of the RTO. These are accessible during training if required via your trainer or administration

## Standards for Registered Training Organisations 2015

The Standards for Registered Training Organisations 2015 are the standards ASQA uses to ensure nationally consistent, high-quality training and assessment across Australia's VET system. Compliance with the standards is a requirement for all ASQA registered training organisations.

The objectives of the Standards are to ensure nationally consistent, high-quality training and assessment services for the clients of Australia's vocational education and training (VET) system.

The Standards form part of the VET Quality Framework. As defined in section 3 of the Act, the VET Quality Framework is comprised of the Standards for Registered Training

Organisations 2015, the Australian Qualifications Framework, the Fit and Proper Person Requirements, the Financial Viability Risk Assessment Requirements and the Data Provision Requirements.

Paragraph 191A(1)(a) of the Act enables the Standards to incorporate the following documents as they exist from time to time:

- Australian Qualifications Framework, as published on <http://www.aqf.edu.au>
- Training Packages, as published on <http://training.gov.au>
- Nationally Recognised Training (NRT) Logo Specifications, as published on <http://www.asqa.gov.au>

Compliance with the Standards is a condition for all ASQA Registered Training Organisations and for applicants seeking registration under the Act.

In accordance with subsections 15(b) and 15(c) of the Legislative Instruments Act 2003 the repeal of the Standards for NVR Registered Training Organisations 2011 (F2011L01356) does not effect the previous operation of the former instrument or provision or anything duly done or suffered under the former instrument or provision or any right, privilege, obligation or liability acquired, accrued or incurred under the instrument or provision.

### **Fit and Proper Person Requirements**

The Fit and Proper Person Requirements are designed to ensure that key registered training organisation (RTO) personnel have the characteristics and principles necessary to ensure the delivery of high-quality services and outcomes for VET graduates.

These requirements are set to protect and inspire confidence in the VET system, and to safeguard Australia's reputation as a premier provider of VET (both locally and internationally).

The Fit and Proper Person Requirements determine standards of behaviour by individuals who are in a position to influence an RTO's management.

Learn more: [Frequently asked questions—Fit and Proper Person requirements](#)

### **Financial Viability Risk Assessment Requirements**

The Financial Viability Risk Assessment Requirements ensure that organisations can demonstrate their financial viability to deliver high-quality training to VET students.

More on meeting your [financial viability requirements](#)

### **Data Provision Requirements**

The Data Provision Requirements 2012 ensure RTOs provide ASQA with a range of accurate and complete data about their business and operations.

These requirements allow ASQA to identify trends and risks within the industry, and to further monitor and improve Australia's world-class VET system.

The Data Provision Requirements also ensure ASQA has a record of all student records, qualifications and statements of attainment.

## Australian Qualifications Framework

The [Australian Qualifications Framework \(AQF\)](#) establishes the quality of Australian qualifications.

The AQF is the national policy for regulated qualifications in the Australian education and training system. It incorporates the quality assured qualifications from each education and training sector into a single comprehensive national qualifications framework.

Understand the requirements of the AQF: the AQF [Second Edition November 2013](#) provides the complete set of AQF policies and objectives and information about the governing and monitoring arrangements for the AQF. Implementation arrangements for the revised AQF are also included.
